- Is there a standard or a consensus grading model districts are adopting?
- If an LEA switches to a “credit” or “pass” instead of a letter grade, how will that impact a student’s admission to UC or CSU?
Pursuant to Education Code 48205 and Board Policy 6154 - Homework/Makeup Work, students shall be given full credit for makeup work satisfactorily completed within a reasonable period of time and shall not be penalized for absences during school closures.

SPECIAL EDUCATION SERVICES FOR STUDENTS WITH DISABILITIES
SPECIAL EDUCATION SERVICES & FAPE

- High-quality educational opportunities (through distance learning) and Free Appropriate Public Education (FAPE)
- LEAs should focus on serving each and every student
  - Must be consistent with protection of health and safety of students and staff
  - May include, as appropriate, special education and related services provided through distance instruction provided virtually, online or telephonically
  - Where technology itself imposes a barrier, educators may provide equally effective alternate access to the curriculum or services provided to other students
  - Must be an individualized determination with parental participation
- Develop a communication process with parents
- Review delivery of services with staff
ARE IEP AMENDMENTS REQUIRED?

- Providing services away from school is necessary due to school closures
  - IEP Amendments are NOT required to provide services away from school (pursuant to CDE Official Guidance)
- IEPs remain in effect and services offered by a student’s IEP should be continued “to the greatest extent possible”
  - Schools may not be able to provide those services in the same manner
- If services need to change, LEAs may convene an IEP meeting through Zoom or telephone
- Or may propose an IEP amendment without a team meeting
  - If a change in services is deemed necessary to address unique circumstances related to alternative setting
  - Consent is required for an IEP amendment
IN-HOME SERVICES & NPSs

- LEAs are not prohibited from providing in-home services to students
- Service providers may be considered “essential workers”
- Many disability-related modifications and services may be effectively provided online.
  - Extensions of time for assignments
  - Videos with accurate captioning or embedded sign language interpreting
  - Accessible reading materials
  - Many speech or language services through video conferencing
- CDE is recommending continued payment to Non-Public Schools (NPSs)
CONSENT REQUIREMENTS

- “Consent” means “. . .the parent understands and agrees in writing.” Verbal consent alone is not sufficient.

- Staff can accept an electronic signature or an email from a parent confirming consent to the amendments in the IEP or Prior Written Notice (PWN).
  - Options for electronic signatures or digital signatures could include but are not limited to use of applications such as HelloSign, DocuSign, Adobe Sign, as well as scanned copies or photographs of signed signature pages.

- PWN is required whenever a LEA proposes or refuses to initiate, change or eliminate an evaluation, service or educational placement.

- If unable to reach agreement, staff is required to send a PWN informing student’s parents of their right to object to the proposal and seek alternative dispute resolution.
EXTENDED SCHOOL YEAR – SUMMER SCHOOL – 2020-21SY

- Once school resumes, LEAs should plan to make individualized determinations
  - In collaboration with the IEP team
  - Regarding whether compensatory education and services may be needed for a student.

- Educational need can be measured by assessing whether the student continued making progress through distance learning toward meeting their IEP goals or if any regression occurred during the period of school site closure.

- Regression/Recoupment Model or Comp. Services?
  - Regression/recoupment model?
  - Direct compensatory services for all IEP students?
